Annual water use reports need to be completed and returned by March 1, 2017. If you have questions or need additional information, please contact the District office.

Please continue on to other side. =====>

District staff began meter inspection and verification in 2015. If you have any special concerns (locks, dogs, etc.) please provide that information when the district representative contacts you to make arrangements for the twice a year site visits.

The Field Technician, or other district staff, **will be conducting a site inspection** for all Operating Permit wells quarterly, with **the next set starting in January 2017**.

We are updating our records for this year, and need the following to ensure we are able to coordinate the activities of the district. Please update the below information with the contact information for the person the district needs to coordinate with for this Operating Permit. If the property of the Operating Permit has been sold or the person receiving this form is no longer responsible for the Operating Permit, please indicate this along with the appropriate contact information, or a correction is needed.
